The 'XnView crash reporter' dialog box displays the following information and input fields:

- Title:** XnView crash reporter
- Header:** XnView
- Message:** 'An unexpected error has occurred during software execution, and we apologize for that.'
- Instructions:** 'To help improve this software, please upload the report file or send it to contact@xnview.com. Note: This email is used for crash reports only and messages sent to it will not receive a reply. For support, please use the contact page located at <http://www.xnview.com>.'
- Report File:** 'The report only contains technical information on the running environment and software internal details. No personal details are included in it.' Below this, a text field shows the report file path: 'I:ers/Philippe/AppData/Local/Temp/8dc9ea5d-478e-4d86-be48-58186d262aca.dmp'.
- Email:** A text input field followed by the text '(Your email is important if we need to contact you)' in red.
- Description:** 'Please describe what you were doing in the software when this error occurred:' followed by a large text area containing the text: 'Please describe the steps to reproduce the path which lead to crash: 1. 2. 3. -- fr'.
- Buttons:** 'Upload' (highlighted with a blue border) and 'Close'.
